WORK EXPERIENCE

Software Developer, Intern Benecure

02/2021 - Present

- Working with the CEO and head of production to gather functional and technical requirements.
- Participating in MVP and product demos with the design team.
- Shadowing senior team members to get a feel for their day-to-day responsibilities.
- Assisting with process improvements, making suggestions on workflow changes where needed.

Support Engineer Lambda School

06/2020 - 08/2020

San Francisco, CA

- Lead a daily standup with 32 student developers, emulating a real work environment with agile methodology, bug fixing, and sharing ideas cohesively.
- Assisted and supported instructors through daily lectures by answering student questions, providing additional resources for various computer science topics.
- Prioritized urgent tasks for students that weighed more importantly and made a bigger impact on the project first.

Videographer/Photographer THE VIDEOGRAPHERS

05/2015 - 09/2019

Los Angeles, CA

- Formulated, directed and coordinated a creative team during wedding/commercial shoots with professional camera and video equipment to satisfy clients requests.

EDUCATION

Full Stack Web Development Computer Science Lambda School

10/2019 - 06/2020

Remote

- 9 month remote intensive coding bootcamp learning the fundamentals of web design and multiple technical skills.

B.A. Telecommunications

Indiana University, Bloomington

08/2008 - 05/2012

Bloomington, IN

- 4 year university focusing on the arts of film making and production. Gaining hands on experience working in a studio or out in the field with equipment and production software.
